

FIRST ANNOUNCEMENT

Development and Modernization of Manufacturing

The international conference on Development and Modernization of Manufacturing (RIM) is a biannual event organized by the Faculty of Technical Engineering, University of Bihać. Since its inception in 1997, the Faculty has successfully hosted 14 iterations of this scientific conference in four different countries: Bosnia and Herzegovina, Croatia, Egypt, and Montenegro. It is our honor to announce that this year we will host the 15th Jubilee Conference. The primary aim of the Conference is to bring together a diverse group of international scientists, engineers, industrialists, and experts, providing them with an exclusive platform to exchange innovative ideas and share the latest advancements across various fields of engineering.

Important Dates

- April 1st, 2025** | The deadline for the **abstract** submission
- June 6th, 2025** | The deadline for the **final paper** submission
- September 7th, 2025** | The deadline for the delivery of the **conference program** to the participants
- September 10th, 2025** | The deadline for the **fee** payment
- September 17th - 19th, 2025** | The RIM 2025 Conference

Fees

PUBLISHING IN THE ELECTRONIC PROCEEDINGS	150 BAM
Conference fee per paper published in the Electronic Proceedings	
PUBLISHING IN THE ELECTRONIC PROCEEDINGS FOR STUDENTS	50 BAM
Student conference fee per paper published in the Electronic Proceedings	
PUBLISHING IN THE IOP CONFERENCE SERIES: MATERIALS SCIENCE AND ENGINEERING	200 BAM
Conference fee per paper published in the IOP Conference Series: Materials Science and Engineering	

Language

ENG and **BHS** are working languages of the Conference.

Abstracts and full papers must be submitted in **ENG** only.

Note to the Authors

The Proceedings with abstracts (ISSN: 2566-3257) of all accepted papers will be printed and distributed to all conference participants. Furthermore, negotiations are currently underway for the publication of selected papers from the fields of mechanical engineering, wood products engineering and design, electrical engineering and computing, and technologies and structures in civil engineering in the IOP Conference Series: Materials Science and Engineering. This conference series is indexed in the Conference Proceedings Citation Index (Web of Science), Ei Compendex, and other scientific databases.

Accepted papers not selected for publication in the IOP Conference Series will be included in Electronic Proceedings (ISSN number: 2566-3283) that will be made available on the conference website and the website of the Faculty.

Sections

- Mechanical Engineering
- Wood Products Engineering and Design
- Electrical Engineering and Computer Science
- Technologies and Structures in Civil Engineering
- Textile Design and Technologies
- Law-Economics Regulations and Standardization
- Quality Assurance, Environment Protection and Sustainable Development

Organization Committee
